

### German Embassy Dhaka

Education is the key to sustainable development. It provides people with a perspective to combat poverty, violence and injustice. Mr. Ali Suruz Syed from Kurshi (Sylhet), an entrepreneur with social responsibility, decided to take action for the sustainable development of Bangladesh. The "Children in Bangladesh e.V." association was founded in August 2014 with the aim to promote education in Bangladesh and support infrastructure of the association's school premises. "Children in Bangladesh e.V." motivates and empowers learners to constructively and creatively address present and future global challenges. The association is reorienting education to guide school children to look forward to a more sustainable society. The German Ambassador H.E. Dr. Prinz lauded Mr. Syed for his passion and love for his country and supports his upcoming projects.
